

Fees Policy

Fees & Refund Policy

The University has in place policies regarding the billing, payment and where appropriate refund of tuition fees and deposits, relevant to your time of study at the University.

You can find the policies on the Planning and Finance website, under 'Student Fees' here:

<https://www.sunderland.ac.uk/help/finance-scholarships/tuition-fees/fee-policies/>

Important Note: It is important that you read the document that is relevant to your course and year of study **prior** to sending any money to the University as it will confirm how the money should be sent to ensure it reaches your account and in what circumstances a refund would be applicable. It also explains when payments are due and what you are required to do if you are expecting a third party to pay your fees for you, and also what will happen if you do not pay fees and become a debtor to the University.
